- 1" x 3" J-style wire management channel (standard), WireWonder™ cable management system (optional)

DDL-722628-SCL

Double DL Seminar Table for Laptops

Available in single, double and triple configurations.

The DL Seminar Table is a versatile table design, shown here with laptops. Wire management comes standard. Power/data ports and flipIT® products optional. Other options include locking casters, CPU holders, WireWonder™ cable managers, keyboard/mouse trays for use with desktop monitors.

205 Style Leg: 1.5" x 4" racetrack column 13 gauge steel, 1.5" x 2" main bar, rectangular 11 gauge steel, black nylon bull nose end caps, floor glides, mounting bracket. One leg per table has wire management holes. Locking casters optional.

Wire Management Door Optional feature, replaces leg with wire management holes. One per table.

Wire Management

Surface mounts to modesty panel

J Channel (standard)
WireWonder (optional)

Fold-down, removable modesty panel gives access to wire management channel and 6-outlet power strip. Optional surface-mounted power/data port plugs into strip. Easy access to daisy chain tables if desired. Consult an electrician for proper circuit loads.

WWC-18 **WireWonder™ Cable Manager** 17.625" length (shown)
WWC-12 **WireWonder™ Cable Manager** 12" length

Store small components, such as laptop transformers, right in WireWonder™ or strapped to it with cable ties. Wrap excess cable around the mushroom tops for a neat, temporary installation that stays put during use.

DL Seminar 205 Tables

DL Seminar 205 Series Tables have a rectangular top with fold down, removable 10" modesty panel. The legs are black, offset-T shaped, steel legs with wire management holes (1.5" x 4" racetrack column in 13 gauge steel, 1.5" x 2" rectangular main bar in 11 gauge steel, black nylon bullnosed end caps, wire management door optional),

1" diameter levelers. Each table comes with a 6 outlet power strip, 1" x 3" J style wire management channel (12 amp rated). The top is finished with laminate and PVC trim, modesty panel finished with melamine and PVC trim. The size of the table is the middle 6 digits of the item number (in inches): WxDxH.
